MATH 515	MATH 515: Introduction to Number Theory	hpl39736
Motion to Discuss – 1st/2nd: Schugart/Arnett Discussion: Question from Nicholas Fortune to the committee; program revision is not listed on this agenda and they all kind of go together. It's currently in PCC awaiting their approval. Nicholas went on to discuss this course, evolving the course to meet student needs. Helps students with dual enrollment as well. Colette – Introduction in a graduate level course? Answer – It is an introduction for number theory for these set of students. Vote: Approved		
MATH 585	MATH 585: Advanced Mathematical Thinking I	hpl39736
Motion to Discuss – 1st/2nd: Zubal/Schugart Discussion: Nicholas Fortune explained. Same as above – Course is being created to fill the student need. Colette – Course description issue – Pre-Req – concurrence – 5 courses taken as pre-req or can they be taken at the same time? 515 can be taken concurrently all others need to be taken before.		

Code	Title	Initiator

	Motion to Discuss – 1st/2nd: Zubal/Arnett Discussion: Dr. Olson explained, Will be teaching in alternating fall semesters. 	Motion to Discuss – 1st/2nd: Schugart/Zubal			

Graduate Curriculum Committee (4)				
Code	Title	Status	Initiator	Received
<p>Discussion: Dr. Wells explained, Change the name of the program and to add some required courses. Data Analysis is a natural extension of accounting skills. Colette stated, Degree name? If changed it changes it forever (past included). Plemons stated, a bit of difference from UG to Graduate. Reference number doesn't matter at this point. If the CIP code changes then it might need to be a new program, it didn't change. Wells feels like it is.</p> <p>Vote: Approved</p>				
057	057: Business Administration	Edited	dnm79223	10/30/2020
<p>Motion to Discuss – 1st/2nd: Zubal/Schugart</p> <p>Discussion: Dr. Cosby explained, Was presented last time and forget to enter the course options, and also added the student learning outcomes.</p> <p>Vote: Approved</p>				
159	159: Certification Only, Counseling	Edited	jll34446	10/7/2020
<p>Motion to Discuss – 1st/2nd: Arnett/Schugart</p> <p>Discussion: Dr. Sauerheber explained, Apologized for all the confusion on this proposal. When the schools change their requirements we have to follow suite. Colette stated, the reason it's been sitting in the cue, It's incomplete to advertise a program with no curriculum listed. Plemons stated, it is required for SACSCOC. Kelley stated, thought it seemed to wide open. Colette stated, the list of courses should capture.</p> <p><i>Friendly Amendment – Adding a list of courses that advisors could choose from while advising students. Jill concerned that she might miss something. Hammonds suggested that maybe just add prefix's instead of the course #'s.</i></p> <p>Vote: Approved with friendly amendment made</p>
