	The Civic Imagination Project - HQ Sam Ford 270-535-2631 samfordky@gmail.com https://www.civicimaginationproject.org/	The Civic Imagination Project taps the civic imagination (our collective vision for what a better tomorrow might look like) to bridge perceived cultural gaps between diverse communities. The Project builds on eight years of research through Henry Jenkins's Civic Paths' participation in MacArthur's Research Network on Youth and Participatory Politics, which culminated with the publication of By Any Media Necessary: The New Youth Activism.
	The Small Business Assistant - HQ Joshua Ohimai 364-203-1745	We help build brands that matter: Whether you're looking to turn heads with great brand stories, wow investors with a killer pitch or unlock growth with marketing that works, we make it happen.
	Transpro - HQ 270-715-0070 info@transproky.com https://transproky.com/	Our focus is to provide on time and quality service from pickup to delivery. All our drivers are service oriented and professionally trained to perform the daily job duty.
	UnDesked - HQ Jeremy Jacobs 270-202-0192 jeremy.jacobs@sendtransmission.com	For office workers, day 1 starts with a computer and email, providing instant access to company resources, workflows, and communications—everything needed for success. These tools support employees throughout their entire lifecycle. For the 80% of global workers (2.7 billion people) without a desk, access is limited. No dedicated hardware. Analog resources dominate. Digital communication is rare. Tasks are siloed, creating strain on workers and managers alike. Without a centralized hub, efficiency suffers—until now.

	USDA-ARS Food Animal Environmental Systems Research Unit - BG Location Maria Rech 270-781-2260 https://www.ars.usda.gov/midwest-area/bowling-green-ky/food-animal-environmental-systems-research	Develop and evaluate management practices and treatment technologies that protect water quality, reduce air emissions, and control pathogens at animal production facilities, manure storage areas and field application sites.

With Doppler EOC, you're always on our radar!</p>
	<p>WKU Hilltopper Athletics Collin Stoecker collin.stoecker@wku.edu https://wkusports.com</p>	<p>Western Kentucky University (WKU) Athletics is the sports division of WKU, based in Bowling Green, Kentucky. The program is part of NCAA Division I and competes in the Conference USA. WKU offers a wide range of sports, including football, basketball, baseball, soccer, volleyball, and more. Their teams are known as the Hilltoppers for men's teams and Lady Toppers for women's teams. WKU has a rich athletic history, with notable success in basketball, football, and baseball, regularly competing in regional and national tournaments. The university's athletics focus on both student-athlete performance and community engagement.</p>
	<p>WKU Extended Reality Lab Mark Simpson mark.simpson@wku.edu</p>	<p>The development of both Virtual and Augmented Reality products including games.</p>
	<p>WKU HydroAnalytical Lab - HQ Morgan Miller 270-745-5287 hydroanalytical@wku.edu https://www.hydroanalytical.com/</p>	<p>We are proud to serve south-central Kentucky and the surrounding regions water analysis needs.</p>
	<p>WKU - Kentucky Mesonet Network Operations Center - HQ Tiffany Clark 270-745-4567 kymesonet@wku.edu https://www.kymesonet.org/</p>	<p>The Kentucky Mesonet, a division of the Kentucky Climate Center, is a statewide weather and climate monitoring network with an operations center housed at Western Kentucky University's Innovation Campus. Our network of automated weather stations monitor near-surface environmental conditions in the range of 10 meters above the surface to one meter below the surface.</p>

	<p>NOVA Center WKU Lab Martin Cohron martin.cohron@wku.edu https://www.wku.edu/skycam/</p>	<p>Our mission is to provide and make readily accessible state-of-the-art microscopy capabilities to our customers. Please use the links below to see our microscopes and services. SKYCAM will streamline information on microscopy capabilities for dissemination to a regional audience for marketing and branding purposes. This organization of microscopy capabilities under one umbrella organization will not result in any change in the physical location of the instruments nor a change in any personnel. SKYCAM will merely facilitate awareness (marketing and branding) of WKU capabilities in microscopy to our current and potential customers and allow us to seek potential business opportunities.</p>
	<p>Yellowberri - HQ David Downing 270-404-0151 dero@yellowberri.com https://yellowberri.com/</p>	<p>For over 16 years, we have been curating cool in our local and international communities. In today's age of niches, specialists, and algorithms; we do it all under one roof, a digital one. We're a network of creative specialists from around the world, built with elbow grease, duct tape, and hot sauce. Lots of hot sauce.</p>
	<p>ZPatch Technologies - HQ 270-599-3611 https://zpatch.co/</p>	<p>Zpatch is the next generation logistics TMS platform aiming to help trucking operations lower the cost of running business. Our team uses experience and knowledge of trucking industry to develop affordable cutting edge technology solutions. zPatch is a transportation management solution built specifically for the small to midsize carriers. Our solution allows you to view and manage your trucks and drivers in real time, eliminates check calls, and digitizes the entire billing process.</p>
