

Faculty Senate  
Handbook Committee Report  
Nov. 21, 2025

1. The Committee during its Oct. 8, 2025, meeting proposed three recommendations for Faculty Handbook Changes:

- Align the Faculty Handbook policy on Sexual Relations with the University policy. **(Action Item attached).**
- Clarify the language addressing the makeup of the panel making recommendations for full professorship. **(Action Item attached).**
- Address the eligibility of University Distinguished Professors for the annual College Awards.

The current Faculty Handbook language on College Awards directs the faculty to the University policy. The Handbook Committee's decision was to make UDPs ineligible for annual College Awards. This would require a university policy change. **(No action required).**
