

Van Meter Loading/Unloading

Event Loading and Unloading for Van Meter Hall

Bus Loading and Unloading will only be allowed in designated areas according to this plan.

Your cooperation is expected and appreciated. Attendants will be directing traffic.

Loading and Unloading:

Approach campus using University Blvd. (US 68/80)

- 1** Turn onto College Heights Blvd.
- 2** Turn Left onto College Heights Blvd. to “go up the hill”.
- 3** Pull forward as far as possible to use the “loading/unloading zone” on the right side of the street. Buses will be allowed to stack on CHB for loading/unloading purposes, but should not block roads or intersections.

ON CAMPUS PARKING IN ADAMS STREET LOT:

Turn Right on State Street. Continue onto Normal Drive. Turn Right onto University Blvd. Continue onto Kentucky Street. Turn Left into the Adams Street Lot.

- 4** Parking for 9 Buses is available.
- 5** Public Parking in Alumni Square Garage

This plan was developed to promote child safety by keeping loading and unloading activities on the same side of the street as Van Meter Hall. It also minimizes impact to WKU traffic flow and transit service. Thanks for your cooperation to make this a successful event!
